

MATERIAL SAFETY DATA SHEET

1817 Aston Avenue
Carlsbad, CA 92008
Telephone: 760-268-0047
Fax: 760-268-0905

For Emergency Call CHEMTREC: 1-800-262-8200
For Product Information Call Skin Authority, LLC: 1-760-268-0047
MSDS Revision Date: August 12, 2008

SECTION 1: PRODUCT IDENTIFICATION

Product Name: Skin Authority Acne & Oil Control
General or Generic ID: Skin Cleanser/Peel
Formula: BF-179-028R

SECTION 2: HAZARDOUS INGREDIENTS

Principal Hazardous Component(s) (Chemical & Common Name): Glycolic Acid, Salicylic Acid
Hazardous Mixtures of Other Liquids, Solids, or Gases: N/A

SECTION 3: PHYSICAL DATA

Boiling Point (°C): No data
Evaporation Rate: No data
Vapor Pressure (mm Hg): N/A
Vapor Density: N/A
Melting Point (°C): N/A
Specific Gravity @25°C (H₂O=1): 1.0 +/- 0.02
Solubility in Water @25°C: Soluble
Percent Volatile by Volume (%): No data
Color: slightly milky
Odor: Alcohol/Witch Hazel
Appearance (State): Translucent Liquid
pH: 3.85 +/- 0.25
Viscosity: water thin

SECTION 4: FIRE AND EXPLOSION HAZARDS

Flash Point (°C) and Method: N/A
Flammable Limits: N/A
Extinguishing Media: N/A
Fire Fighting Instructions: N/A

SECTION 5: HEALTH HAZARD DATA

Eye contact: Irritant, causes stinging, tearing, and redness.
Skin irritation: May cause irritation.
Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.
Inhalation: N/A

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY ACNE & OIL CONTROL

SECTION 6: FIRST AID PROCEDURES

Eye contact: Flush eyes gently with water for at least 15 minutes. Seek immediate medical attention if irritation persists.

Skin irritation or rash: Wash affected area with cold water, rinse with the cold water for 3 minutes.

Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.

SECTION 7: REACTIVITY INFORMATION

Stability: Stable.

Conditions to avoid: None.

Materials to avoid: N/A

Hazardous Polymerization: N/A

SECTION 8: HANDLING AND STORAGE

Handling: Avoid contact with the eyes.

Storage: Avoid extreme temperatures. Keep container tightly closed.

SECTION 9: EXPOSURE CONTROLS / SPECIAL PROTECTION INFORMATION

Eye Protection: Yes.

Skin and Body Protection: N/A

Hand Protection: N/A

Respiratory System Protection: N/A

SECTION 10: SPILL OR LEAK PROCEDURES / ECOLOGICAL INFORMATION

Spill Control: Remove spilled material with absorbent material and place in appropriate closed container for disposal.

Keep spills and associated material out of municipal sewer, storm drains and open bodies of water.

Method of disposal: Follow local, state, and federal regulations.

SECTION 11: OTHER INFORMATION

This information is furnished without warranty, expressed or implied, except that it is accurate to our best knowledge.

Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances.

I. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	VITAMIN A CELL RENEWAL
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Opaque, off-white to yellow, cream with a characteristic odor.

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
INGESTION	No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

Water, Retinyl Palmitate (Vitamin A Palmitate), Prunus Amygdalus Dulcis (Sweet Almond) Oil, Dicaprylate/Dicaprate, C12-15 Alkyl Benzoate, Tocopheryl Acetate (Vitamin E Acetate), Propylene Glycol, Ethylhexyl Methoxycinnamate, Stearic Acid, Glyceryl Stearate SE, Aloe Barbadensis Leaf Juice, Betula Alba (Birch) Bark Extract, Chamomilla Recutita (Matricaria) Flower Extract, Symphytum Officinale (Comfrey) Extract, Hedera Helix (Ivy) Extract, Althaea Officinalis (Marsh Mallow) Root Extract, Tocopherol (Vitamin E), Zea Mays (Corn) Oil, Hydrolyzed Soy Protein, Cetyl Esters, Polysorbate 80, Sorbitan Oleate, Carbomer, Disodium EDTA, Acrylamide/Ammonium Acrylate Copolymer, Polyisobutene, Polysorbate 20, Triethanolamine, Phenoxyethanol, Caprylyl Glycol, Hexylene Glycol, Ethylhexylglycerin

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
EYE CONTACT	Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
INHALATION:	Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
INGESTION:	If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

Flammability of the Product	Not available
Auto-Ignition Temperature	Not available
Flash Points	Not available
Flammable Limits	Not available
Products of Combustion	Not available
Fire Hazards in the Presence of Various Substances	Not available
Explosion Hazards Presence of Various Substances	In the presence of mechanical impact: Not available. In the presence of static discharge: Not available.
Fire Fighting Media and Instructions	Small Fire: Use DRY chemical powder. Large Fire: Use water spray, fog, or foam. Do not use water jet.

VI. ACCIDENTAL RELEASE MEASURES

Small Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal.
--------------------	----------------------------------------------------------------------------------------------

Large Spill Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

VII. HANDLING AND STORAGE

Handling Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.

Storage Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit Not available

Ventilation A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.

Respiratory Protection Not expected to require personal respirator usage.

Skin Protection Wear appropriate protective gloves and protective clothing to prevent skin exposure.

Eye Protection Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.

Personal Hygiene Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color Opaque, off-white to yellow

Odor Characteristic

Physical State Cream

Stability Stable

Specific Gravity @ 25 degrees C 0.90 – 1.10

pH 7.0 – 7.5

Solubility in Water Soluble

X. STABILITY AND REACTIVITY DATA

Stability This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.

Conditions to avoid Excess heat, incompatible materials such as strong oxidizers or strong reducers.

Corrosivity Not available.

XI. TOXICOLOGICAL INFORMATION

Routes of Entry	Skin contact. Eye contact.
Toxicity to Animals	Not available.
Chronic Effects on Humans	Not available.
Special remarks on other Toxic effects on humans	Acute potential health effects: Skin: May cause skin irritation. Eyes: May cause eye irritation. Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation. Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

XII. ECOLOGICAL INFORMATION

Ecotoxicity	Not available.
Biodegradation	Product is biodegradable.
Toxicity of Biodegradation	Not available.

LAND SPILL:

Eliminate sources of ignition. Prevent additional discharge of material, if possible to do so without hazard. For small spills implement cleanup procedures; for large spills implement cleanup procedures and, if in public area, keep public away and advise authorities. Also, if this product is subject to CERCLA reporting, notify the National Response Center.

WATER SPILL:

Remove from surface by skimming or with suitable absorbents. If allowed by local authorities and environmental agencies, sinking and /or suitable dispersants may be used in non-confined waters. Consult an expert on disposal regulated material and ensures conformity to local disposal regulations.

In its intended manner of use, this product is not expected to create adverse ecological effects and is readily biodegradable in the natural environment

XIII. DISPOSAL CONSIDERATIONS

Waste Disposal	Waste must be disposed of in accordance with federal, state, and local environmental control regulations.
-----------------------	-----------------------------------------------------------------------------------------------------------

XIV. TRANSPORT INFORMATION

DOT Classification	Not a DOT regulated material.
Identification	Not applicable.
Special provisions	Not applicable.

**For transport
DOT (Pictograms)**

Not applicable.

XV. REGULATORY INFORMATION

**California
Proposition 65
Warnings**

Cause cancer: No products were found.
Cause birth defects: No products were found.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

Water, Sodium Laureth Sulfate, Glycolic Acid, Cocamidopropyl Betaine, Disodium Cocoamphodiacetate, Pumice, Aloe Barbandensis (Aloe Vera) Extract, Cucumis Sativus (Cucumber) Extract, Matricaria Recuitita (Chamomile) Extract, Calendula Officinalis (Marigold) Extract, Xanthan Gum, Hydroxyethylcellulose, Methylchloroisothiazolinone, Methylisothiazolinone, Sodium Hydroxide, Disodium EDTA

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
EYE CONTACT	Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
INHALATION:	Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
INGESTION:	If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

Flammability of the Product	Not available
Auto-Ignition Temperature	Not available
Flash Points	Not available
Flammable Limits	Not available
Products of Combustion	Not available
Fire Hazards in the Presence of Various Substances	Not available
Explosion Hazards Presence of Various Substances	In the presence of mechanical impact: Not available. In the presence of static discharge: Not available.
Fire Fighting Media and Instructions	Small Fire: Use DRY chemical powder. Large Fire: Use water spray, fog, or foam. Do not use water jet.

VI. ACCIDENTAL RELEASE MEASURES

Small Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal.
Large Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

SAFETY DATA SHEET

Initiated: 08-20-2015

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Clear, colorless to pale-yellow
Odor	Characteristic
Physical State	Gel
Stability	Stable
Specific Gravity @ 25 degrees C	0.90 – 1.10
pH	6.0 – 7.5
Solubility in Water	Soluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.
Corrosivity	Not available.

XI. TOXICOLOGICAL INFORMATION

Routes of Entry	Skin contact. Eye contact.
------------------------	----------------------------

Toxicity to Animals
Chronic Effects on Humans
Special remarks on other
Toxic effects on humans

Not available.
Not available.

Acute potential health effects:
Skin: May cause skin irritation.
Eyes: May cause eye irritation.
Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation.
Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

XII. ECOLOGICAL INFORMATION

Ecotoxicity
Biodegradation
Toxicity of Biodegradation

Not available.
Product is biodegradable.
Not available.

LAND SPILL:

Eliminate sources of ignition. Prevent additional discharge of material, if possible to do so without hazard. For small spills implement cleanup procedures; for large spills implement cleanup procedures and, if in public area, keep public away and advise authorities. Also, if this product is subject to CERLA reporting, notify the National Response Center.

WATER SPILL:

Remove from surface by skimming or with suitable absorbents. If allowed by local authorities and environmental agencies, sinking and /or suitable dispersants may be used in non-confined waters. Consult an expert on disposal regulated material and ensures conformity to local disposal regulations.

In its intended manner of use, this product is not expected to create adverse ecological effects and is readily biodegradable in the natural environment

XIII. DISPOSAL CONSIDERATIONS

Waste Disposal

Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

I. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	DAILY CLEANSER
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Clear, colorless to pale-yellow gel with a characteristic odor.

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
INGESTION	No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

Water, Sodium Laureth Sulfate, Cocamidopropyl Betaine, PEG-150 Pentairythryl Tetrastearate, Glycolic Acid, Disodium Cocoamphodiacetate, Hydroxyethylcellulose, Disodium EDTA, Methylchloroisothiazolinone, Methylisothiazolinone, Sodium Chloride

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.

MATERIAL SAFETY DATA SHEET

1817 Aston Avenue
Carlsbad, CA 92008
Telephone: 760-268-0047
Fax: 760-268-0905

For Emergency Call CHEMTREC: 1-800-262-8200
For Product Information Call Skin Authority, LLC: 1-760-268-0047
MSDS Revision Date: August 12, 2008

SECTION 1: PRODUCT IDENTIFICATION

Product Name: Skin Authority Hyperpigmentation Treatment
General or Generic ID: Skincare
Formula: BF-175-080

SECTION 2: HAZARDOUS INGREDIENTS

Principal Hazardous Component(s) (Chemical & Common Name): None
Hazardous Mixtures of Other Liquids, Solids, or Gases: N/A

SECTION 3: PHYSICAL DATA

Boiling Point (°C): No data
Evaporation Rate: No data
Vapor Pressure (mm Hg): N/A
Vapor Density: N/A
Melting Point (°C): N/A
Specific Gravity @25°C (H₂O=1): 1.00 +/- 0.020
Solubility in Water @25°C: Miscible
Percent Volatile by Volume (%): No data
Color: very light straw
Odor: characteristic
Appearance (State): clear, semi-viscous gel
pH: 3.5 +/- 0.50
Viscosity @25°C, Spindle # 3/3rpm: 2,000 +/- 1,000 cps

SECTION 4: FIRE AND EXPLOSION HAZARDS

Flash Point (°C) and Method: N/A
Flammability: N/A
Extinguishing Media: Use dry chem, "Alcohol" Foam, CO₂.
Fire Fighting Instructions: If leak/spill hasn't ignited, use water spray to disperse vapors and protect people attempting to stop leak. In the event of fire, wear full protective clothing and self-contained breathing apparatus with full face piece.

SECTION 5: HEALTH HAZARD DATA

Eye contact: May cause irritation, stinging, tearing, and redness.
Skin irritation: May cause irritation, cracking, flaking, and defatting of skin on prolonged contact.
Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.
Inhalation: May cause irritation to the mucous membranes of the upper respiratory tract.

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY HYPERPIGMENTATION TREATMENT

SECTION 6: FIRST AID PROCEDURES

Eye contact: Flush eyes gently with water for at least 15 minutes. Seek immediate medical attention if irritation persists.
Skin irritation or rash: N/A
Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.

SECTION 7: REACTIVITY INFORMATION

Stability: Stable.
Conditions to avoid: N/A
Materials to avoid: None
Hazardous Polymerization: N/A

SECTION 8: HANDLING AND STORAGE

Handling: Avoid contact with the eyes.
Storage: Avoid extreme temperatures. Keep container tightly closed.

SECTION 9: EXPOSURE CONTROLS / SPECIAL PROTECTION INFORMATION

Eye Protection: N/A
Skin and Body Protection: N/A
Hand Protection: N/A
Respiratory System Protection: N/A

SECTION 10: SPILL OR LEAK PROCEDURES / ECOLOGICAL INFORMATION

Spill Control: Remove spilled material with absorbent material and place in appropriate closed container for disposal. Keep spills and associated material out of municipal sewer, storm drains and open bodies of water.
Method of disposal: Follow local, state, and federal regulations.

SECTION 11: OTHER INFORMATION

This information is furnished without warranty, expressed or implied, except that it is accurate to our best knowledge. Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances.

- Large Spill** Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Clear to hazy, colorless to nearly colorless
Odor	Characteristic
Physical State	Viscous serum
Stability	Stable
Specific Gravity @ 25 degrees C	0.90 – 1.10
pH	3.0 – 4.0
Solubility in Water	Soluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.
Corrosivity	Not available.

XI. TOXICOLOGICAL INFORMATION

Routes of Entry	Skin contact. Eye contact.
Toxicity to Animals	Not available.
Chronic Effects on Humans	Not available.
Special remarks on other	

SAFETY DATA SHEET

Initiated: 08-20-2015

Toxic effects on humans

Acute potential health effects:
Skin: May cause skin irritation.
Eyes: May cause eye irritation.
Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation.
Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

XII. ECOLOGICAL INFORMATION

Ecotoxicity	Not available.
Biodegradation	Product is biodegradable.
Toxicity of Biodegradation	Not available.

LAND SPILL:

Eliminate sources of ignition. Prevent additional discharge of material, if possible to do so without hazard. For small spills implement cleanup procedures: for large spills implement cleanup procedures and, if in public area, keep public away and advise authorities. Also, if this product is subject to CERLA reporting, notify the National Response Center.

WATER SPILL:

Remove from surface by skimming or with suitable absorbents. If allowed by local authorities and environmental agencies, sinking and /or suitable dispersants may be used in non-confined waters. Consult an expert on disposal regulated material and ensures conformity to local disposal regulations.

In its intended manner of use, this product is not expected to create adverse ecological effects and is readily biodegradable in the natural environment

XIII. DISPOSAL CONSIDERATIONS

Waste Disposal	Waste must be disposed of in accordance with federal, state, and local environmental control regulations.
-----------------------	-----------------------------------------------------------------------------------------------------------

XIV. TRANSPORT INFORMATION

DOT Classification	Not a DOT regulated material.
Identification	Not applicable.
Special provisions	Not applicable.

This product is an individually packaged cosmetic product to be sold in a retail facility and is considered to be non-hazardous (29 CFR, Part 1910.1200).

I. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	SUNLESS TANNER
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Opaque, white to off-white lotion with a characteristic odor.
Manufacturer's Name:	PACKAGING ON DEMAND, INC. 1284 Puerta Del Sol San Clemente, CA 92673 949.226.7289

- **In case of medical emergencies, please contact your local poison control center.**
- **Transportation emergency (24 hour), contact:**
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
INGESTION	No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

Water, Cetearyl Alcohol, Cetareth-20, Glyceryl Stearate, PEG-100 Stearate, C12-15 Alkyl Benzoate, Glycereth-26, PPG-12/SMDI Copolymer, Dihydroxyacetone, Cyclomethicone, Dimethiconol, Lactic Acid, Squalane, Polymethyl Methacrylate, Caprylic/Capric Triglyceride, Tocopheryl Acetate (Vitamin E Acetate), Stearic Acid, Stearyl Glycyrhethinate, Steareth-2, PEG-8, Tocopherol (Vitamin E), Ascorbyl Palmitate (Vitamin C Palmitate), Ascorbic Acid (Vitamin C), Citric Acid, Disodium EDTA, Triethanolamine, Phenoxyethanol, Capryl Glycol, Ethylhexylglycerin, Hexylene Glycol

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
EYE CONTACT	Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
INHALATION:	Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
INGESTION:	If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

Flammability of the Product	Not available
Auto-Ignition Temperature	Not available
Flash Points	Not available
Flammable Limits	Not available
Products of Combustion	Not available
Fire Hazards in the Presence of Various Substances	Not available
Explosion Hazards Presence of Various Substances	In the presence of mechanical impact: Not available. In the presence of static discharge: Not available.
Fire Fighting Media and Instructions	Small Fire: Use DRY chemical powder. Large Fire: Use water spray, fog, or foam. Do not use water jet.

VI. ACCIDENTAL RELEASE MEASURES

Small Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal.
Large Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Opaque, white to off-white
Odor	Characteristic
Physical State	Lotion
Stability	Stable
Specific Gravity @ 25 degrees C	0.90 – 1.10
pH	3.0 – 4.0
Solubility in Water	Soluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.

MSDS Revision Date: August 12, 2008

SECTION 1: PRODUCT IDENTIFICATION

Product Name: Skin Authority Daily Defense Moisturizer SPF 30
General or Generic ID: Sunscreen
Formula: BF-145-212

SECTION 2: HAZARDOUS INGREDIENTS

Principal Hazardous Component(s) (Chemical & Common Name): None
Hazardous Mixtures of Other Liquids, Solids, or Gases: N/A

SECTION 3: PHYSICAL DATA

Boiling Point (°C): No data
Evaporation Rate: No data
Vapor Pressure (mm Hg): N/A
Vapor Density: N/A
Melting Point (°C): N/A
Specific Gravity @25°C (H₂O=1): 0.99 ± 0.02
Solubility in Water @25°C: Partly Soluble
Percent Volatile by Volume (%): No data
Color: Off-White
Odor: Characteristic
Appearance (State): Opaque Viscous Lotion
pH: 5.25 – 5.75
Viscosity @25°C, Spindle #4/3rpm: >85,000 cps

SECTION 4: FIRE AND EXPLOSION HAZARDS

Flash Point (°C) and Method: N/A
Flammable Limits: N/A
Extinguishing Media: N/A
Fire Fighting Instructions: N/A

SECTION 5: HEALTH HAZARD DATA

Eye contact: May cause mild irritation, stinging, tearing, and redness.
Skin irritation: May cause very mild irritation on some very sensitive skin types..
Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.
Inhalation: N/A

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY DAILY DEFENSE MOISTURIZER SPF 30

SECTION 6: FIRST AID PROCEDURES

Eye contact: Flush eyes gently with water for at least 15 minutes. Seek immediate medical attention if irritation persists.

Skin irritation or rash: N/A

Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.

SECTION 7: REACTIVITY INFORMATION

Stability: Stable.

Conditions to avoid: N/A

Materials to avoid: None

Hazardous Polymerization: N/A

SECTION 8: HANDLING AND STORAGE

Handling: Avoid contact with the eyes.

Storage: Avoid extreme temperatures. Keep container tightly closed.

SECTION 9: EXPOSURE CONTROLS / SPECIAL PROTECTION INFORMATION

Eye Protection: N/A

Skin and Body Protection: N/A

Hand Protection: N/A

Respiratory System Protection: N/A

SECTION 10: SPILL OR LEAK PROCEDURES / ECOLOGICAL INFORMATION

Spill Control: Remove spilled material with absorbent material and place in appropriate closed container for disposal.

Keep spills and associated material out of municipal sewer, storm drains and open bodies of water.

Method of disposal: Follow local, state, and federal regulations.

SECTION 11: OTHER INFORMATION

This information is furnished without warranty, expressed or implied, except that it is accurate to our best knowledge.

Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances.

I. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	REVIVING EYE BRIGHTENER
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Opaque, white to off-white, viscous lotion, with a characteristic odor.

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Opaque, white to off-white
Odor	Characteristic
Physical State	Cream
Stability	Stable
Specific Gravity @ 25 degrees C	0.90 – 1.10
pH	6.5 – 7.5
Solubility in Water	Soluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.
Corrosivity	Not available.

XI. TOXICOLOGICAL INFORMATION

Routes of Entry	Skin contact. Eye contact.
Toxicity to Animals	Not available.

Chronic Effects on Humans
Special remarks on other
Toxic effects on humans

Not available.

Acute potential health effects:
Skin: May cause skin irritation.
Eyes: May cause eye irritation.
Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation.
Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

XII. ECOLOGICAL INFORMATION

Ecotoxicity
Biodegradation
Toxicity of Biodegradation

Not available.
Product is biodegradable.
Not available.

LAND SPILL:

Eliminate sources of ignition. Prevent additional discharge of material, if possible to do so without hazard. For small spills implement cleanup procedures: for large spills implement cleanup procedures and, if in public area, keep public away and advise authorities. Also, if this product is subject to CERLA reporting, notify the National Response Center.

WATER SPILL:

Remove from surface by skimming or with suitable absorbents. If allowed by local authorities and environmental agencies, sinking and /or suitable dispersants may be used in non-confined waters. Consult an expert on disposal regulated material and ensures conformity to local disposal regulations.

In its intended manner of use, this product is not expected to create adverse ecological effects and is readily biodegradable in the natural environment

XIII. DISPOSAL CONSIDERATIONS

Waste Disposal

Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

XIV. TRANSPORT INFORMATION

This product is an individually packaged cosmetic product to be sold in a retail facility and is considered to be non-hazardous (29 CFR, Part 1910.1200).

I. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	BAMBOO GINSENG SCRUB
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Opaque, coarse, viscous cream, with a characteristic odor and suspended particles.

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
INGESTION	No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

Water, TEA-Lauryl Sulfate, Decyl Glucoside, Glycereth-7, Disodium Lauryl Sulfosuccinate, Cocamidopropyl Betaine, Persea Gratissima (Avocado) Oil, Emulsifying Wax NF, Bambusa Vulgaris (Bamboo) Powder, Luffa Cylindrica (Loofah) Powder, Avena Sativa (Oat) Powder, Prunus Amygdalus Dulcis (Sweet Almond) Seed Powder, Zea Mays (Corn) Cob Powder, Mica, Panthenol (Provitamin B5), Tocopheryl Acetate (Vitamin E), Aloe Barbadensis (Aloe Vera) Extract, Chamomilla Recutita (Chamomile) Extract, Prunus Armeniaca (Apricot) Kernel Oil, Hedera Helix (Ivy) Extract, Quillaja Saponaria Bark Extract, Juglans Nigra (Black Walnut) Leaf Extract, Panax Ginseng Root Extract, Titanium Dioxide, Alumina, Silica Sodium Polyacrylate, Propylene Glycol, Diazolidinyl Urea, Methylchloroisothiazolinone, Methylisothiazolinone, Carbomer, Essential Oil Essences

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

- SKIN CONTACT** If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
- EYE CONTACT** Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
- INHALATION:** Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
- INGESTION:** If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

- | | |
|-----------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| Flammability of the Product | Not available |

Product Name:	WELL BEING BATH AND SHOWER RETREAT
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Opaque, white to off-white, creamy gel with a characteristic odor.

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
INGESTION	No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

Water, Decyl Glucoside, Cocamidopropyl Hydroxysultaine, Cocamidopropyl Betaine, Cocamide MIPA, Disodium Laureth Sulfosuccinate, Disodium Lauryl Sulfosuccinate, PEG-40 Hydrogenated Castor Oil, Polysorbate 20, Citrus Medica Limonum (Lemon) Oil, Citrus Aurantifolia (Lime) Oil, Mentha Piperita (Peppermint) Oil, Lavandula Hyybridia (Lavandin) Oil, Pinus Palustris (Pine) Oil, Phenoxyethanol, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Sodium Hydroxide

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
EYE CONTACT	Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
INHALATION:	Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
INGESTION:	If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

Flammability of the Product	Not available
Auto-Ignition Temperature	Not available
Flash Points	Not available
Flammable Limits	Not available
Products of Combustion	Not available
Fire Hazards in the Presence of Various Substances	Not available
Explosion Hazards Presence of Various Substances	In the presence of mechanical impact: Not available. In the presence of static discharge: Not available.
Fire Fighting Media and Instructions	Small Fire: Use DRY chemical powder. Large Fire: Use water spray, fog, or foam. Do not use water jet.

VI. ACCIDENTAL RELEASE MEASURES

Small Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal.
Large Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Opaque, white to off-white
Odor	Characteristic
Physical State	Creamy gel
Stability	Stable
Specific Gravity @ 25 degrees C	0.90 – 1.10
pH	4.5 – 5.5
Solubility in Water	Soluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.
Corrosivity	Not available.

XI. TOXICOLOGICAL INFORMATION

Routes of Entry	Skin contact. Eye contact.
Toxicity to Animals	Not available.

Chronic Effects on Humans
Special remarks on other
Toxic effects on humans

Not available.

Acute potential health effects:

Skin: May cause skin irritation.

Eyes: May cause eye irritation.

Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation.

Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

XII. ECOLOGICAL INFORMATION

Ecotoxicity

Not available.

Biodegradation

Product is biodegradable.

Toxicity of Biodegradation

Not available.

LAND SPILL:

Eliminate sources of ignition. Prevent additional discharge of material, if possible to do so without hazard. For small spills implement cleanup procedures: for large spills implement cleanup procedures and, if in public area, keep public away and advise authorities. Also, if this product is subject to CERLA reporting, notify the National Response Center.

WATER SPILL:

Remove from surface by skimming or with suitable absorbents. If allowed by local authorities and environmental agencies, sinking and /or suitable dispersants may be used in non-confined waters. Consult an expert on disposal regulated material and ensures conformity to local disposal regulations.

In its intended manner of use, this product is not expected to create adverse ecological effects and is readily biodegradable in the natural environment

XIII. DISPOSAL CONSIDERATIONS

Waste Disposal

Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

XIV. TRANSPORT INFORMATION

DOT Classification

Not a DOT regulated material.

Identification

Not applicable.

Special provisions

Not applicable.

For transport

For Emergency Call CHEMTREC: 1-800-262-8200
For Product Information Call Skin Authority, LLC: 1-760-268-0047
MSDS Revision Date: August 12, 2008

SECTION 1: PRODUCT IDENTIFICATION

Product Name: Skin Authority Age Defying Moisturizer SPF 18
General or Generic ID: Sunscreen
Formula: BF-145-247

SECTION 2: HAZARDOUS INGREDIENTS

Principal Hazardous Component(s) (Chemical & Common Name): None
Hazardous Mixtures of Other Liquids, Solids, or Gases: N/A

SECTION 3: PHYSICAL DATA

Boiling Point (°C): No data
Evaporation Rate: No data
Vapor Pressure (mm Hg): N/A
Vapor Density: N/A
Melting Point (°C): N/A
Specific Gravity @25°C (H₂O=1): 0.99 ± 0.02
Solubility in Water @25°C: Partly Soluble
Percent Volatile by Volume (%): No data
Color: Off-White
Odor: Characteristic
Appearance (State): Opaque Viscous Lotion
pH: 5.25 – 5.75
Viscosity @25°C, Spindle #4/3rpm: 70,000 – 120,000 cps

SECTION 4: FIRE AND EXPLOSION HAZARDS

Flash Point (°C) and Method: N/A
Flammable Limits: N/A
Extinguishing Media: N/A
Fire Fighting Instructions: N/A

SECTION 5: HEALTH HAZARD DATA

Eye contact: May cause irritation, stinging, tearing, and redness.
Skin irritation: May cause very mild irritation on some very sensitive skin types..
Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.
Inhalation: N/A

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY AGE DEFYING MOISTURIZER SPF 18

SECTION 6: FIRST AID PROCEDURES

Eye contact: Flush eyes gently with water for at least 15 minutes. Seek immediate medical attention if irritation persists.

Skin irritation or rash: N/A

Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.

SECTION 7: REACTIVITY INFORMATION

Stability: Stable.

Conditions to avoid: N/A

Materials to avoid: None

Hazardous Polymerization: N/A

SECTION 8: HANDLING AND STORAGE

Handling: Avoid contact with the eyes.

Storage: Avoid extreme temperatures. Keep container tightly closed.

SECTION 9: EXPOSURE CONTROLS / SPECIAL PROTECTION INFORMATION

Eye Protection: N/A

Skin and Body Protection: N/A

Hand Protection: N/A

Respiratory System Protection: N/A

SECTION 10: SPILL OR LEAK PROCEDURES / ECOLOGICAL INFORMATION

Spill Control: Remove spilled material with absorbent material and place in appropriate closed container for disposal.

Keep spills and associated material out of municipal sewer, storm drains and open bodies of water.

Method of disposal: Follow local, state, and federal regulations.

SECTION 11: OTHER INFORMATION

This information is furnished without warranty, expressed or implied, except that it is accurate to our best knowledge.

Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances.

Product Name: Wrinkle Reversing Serum
General or Generic ID: Skincare

SECTION 2: HAZARDOUS INGREDIENTS

Principal Hazardous Component(s) (Chemical & Common Name): None
Hazardous Mixtures of Other Liquids, Solids, or Gases: N/A

SECTION 3: PHYSICAL DATA

Color: Yellow
Odor: Characteristic
Appearance: Gel
pH= 6.00 – 7.00
Specific Gravity: 0.95 – 1.05
Viscosity @25oC 4500 – 5500 cps
Sp 4/100rpm
Solubility in water: Soluble
Boiling Point: N/A
Vapor Density: N/A
Evaporating Rate: N/A
Total Plate Count <10 cfu/ml
Yeast and Mold <10 cfu/ml
Escherichia Coli Negative

SECTION 4: FIRE AND EXPLOSION HAZARDS

Flash Point (°C) and Method: N/A
Extinguishing Media: Not a fire hazard
Risks Arising From Combustion: N/A
Protective Equipment: None

SECTION 5: REACTIVITY DATA

Stability: Don't store above 30 C
Incompatibilities: Incompatible with strongly acidic or basic solutions
Material To Avoid: N/A
Hazardous Decomposition Production: N/A

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY Wrinkle Reversing Serum

SECTION 6: HEALTH HAZARD DATA

Acute Toxicity:	Non toxic, but could cause diarrhea if ingested
Skin Contact:	Non irritation
Eye Contact:	Minimally irritating
Inhalation/Ingestion:	N/A
FIRST AID PROCEDURES:	Skin Contact: Wash material off skin with copious amount of soap and water
Ingestion:	Seek medical attention.
Eye Contact:	Flush eyes with copious amount of water if irritations develop, contact a Physician.
Inhalation:	Remove to open area and seek medical aid as symptoms warrant.

Section 7: Spill or Leak Procedures

Personal Precautions: None required
Environmental Precaution: Bio-degradable product
Method for Cleaning: Flush with copious amount of water

Section 8: Special Protection Information

Personal Protection Equipment: Not needed for normal use.
Control Parameters: Not needed for normal use.
Eye Protection: Not needed for normal use.
Hand Protection: Not needed for normal use.
Hygiene measures: N/A

Section 9: Special Precautions or Other Comments

Handling: Normal handling precautions.
Storage: Store in cool, dry place.
Disposal: If possible recover the product. Use according to criteria of good industrial practice, and avoid dispersion in the environment. This product is not considered dangerous.

Section 10: Exposure Controls

Respirator Protection: Use in a well ventilated area.
Ventilation: Use adequate ventilation.
Protective Gloves: None
Eye Protection: None if used as directed.
Other Protective Equipment: None
Work and Hygienic Practices: Handle in accordance with good personal

I. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	ULTRA RICH MOISTRIZER
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Opaque, white to off-white cream with a characteristic odor.

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
INGESTION	No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

Water (Aqua), Carthamus Tinctorius (Safflower) Oil, Stearic Acid, Cetareth-20, Cyclopentasiloxane, Glycerin, Dimethicone, Cyclohexasiloxane, Citrus Aurantium Bergamia (Bergamot) Fruit Oil, Mangifer Indica (Mango) Seed Butter, Butyrospermum Parkii (Shea Butter), Vitis Vinifera (Grapeseed) Oil, Vaccinium Macrocarpon (Cranberry) Seed Oil, Aloe Barbadensis Leaf Juice, Beeswax, Squalane, C12-15 Alkyl Benzoate, Octyldodecanol

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
EYE CONTACT	Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
INHALATION:	Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
INGESTION:	If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

Flammability of the Product	Not available
Auto-Ignition Temperature	Not available
Flash Points	Not available
Flammable Limits	Not available
Products of Combustion	Not available
Fire Hazards in the Presence of Various Substances	Not available
Explosion Hazards Presence of Various Substances	In the presence of mechanical impact: Not available. In the presence of static discharge: Not available.
Fire Fighting Media and Instructions	Small Fire: Use DRY chemical powder. Large Fire: Use water spray, fog, or foam. Do not use water jet.

VI. ACCIDENTAL RELEASE MEASURES

Small Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal.
Large Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Opaque, white to off-white
Odor	Characteristic
Physical State	Cream
Stability	Stable
Specific Gravity @ 25 degrees C	0.95 – 1.10
pH	5.5 – 6.5
Solubility in Water	Soluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.
Corrosivity	Not available.

XI. TOXICOLOGICAL INFORMATION

Routes of Entry	Skin contact. Eye contact.
Toxicity to Animals	Not available.

Chronic Effects on Humans
Special remarks on other
Toxic effects on humans

Not available.

Acute potential health effects:

Skin: May cause skin irritation.

Eyes: May cause eye irritation.

Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation.

Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

Other Regulations

This product is an individually packaged cosmetic product to be sold in a retail facility and is considered to be non-hazardous (29 CFR, Part 1910.1200).

I. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	AGE DEFYING SHAVE SERUM
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Opaque, white to off-white, viscous serum with a characteristic odor.

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
INGESTION	No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

Water, Glycerin, Bis-PEG-18 Methyl Ether Dimethyl Silane, Glyceryl Polyacrylate, Methyl Gluceth-20, Glycolic Acid, Melaleuca Alternifolia (Tea Tree) Leaf Oil, Lavandula Angustifolia (Lavender) Oil, Mentha Piperita (Peppermint) Oil, Cymbopogon Schoenanthus Oil, Aloe Barbadensis Leaf Juice, Copper Gluconate, Zinc Citrate, Propylene Glycol Citrate, Titanium Dioxide, Dipotassium Glycyrrhizate, C12-13 Pareth-9, Propylene Glycol, Ethoxydiglycol, Menthyl PCA, Lauryl PCA, Sodium C14-16 Olefin Sulfonate, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Tromethamine, Tetrasodium EDTA, Phenoxyethanol, Ethylhexylglycerin

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
EYE CONTACT	Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
INHALATION:	Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
INGESTION:	If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

Flammability of the Product	Not available
Auto-Ignition Temperature	Not available
Flash Points	Not available
Flammable Limits	Not available
Products of Combustion	Not available
Fire Hazards in the Presence of Various Substances	Not available
Explosion Hazards Presence of Various Substances	In the presence of mechanical impact: Not available. In the presence of static discharge: Not available.
Fire Fighting Media and Instructions	Small Fire: Use DRY chemical powder. Large Fire: Use water spray, fog, or foam. Do not use water jet.

VI. ACCIDENTAL RELEASE MEASURES

Small Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal.
Large Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Opaque, white to off-white
Odor	Characteristic
Physical State	Viscous serum
Stability	Stable
Specific Gravity @ 25 degrees C	0.90 – 1.10
pH	5.0 – 6.0
Solubility in Water	Soluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.
Corrosivity	Not available.

XI. TOXICOLOGICAL INFORMATION

Routes of Entry	Skin contact. Eye contact.
Toxicity to Animals	Not available.

Chronic Effects on Humans
Special remarks on other
Toxic effects on humans

Not available.

Acute potential health effects:

Skin: May cause skin irritation.

Eyes: May cause eye irritation.

Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation.

Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

XII. ECOLOGICAL INFORMATION

Ecotoxicity

Not available.

Biodegradation

Product is biodegradable.

Toxicity of Biodegradation

Not available.

LAND SPILL:

Eliminate sources of ignition. Prevent additional discharge of material, if possible to do so without hazard. For small spills implement cleanup procedures: for large spills implement cleanup procedures and, if in public area, keep public away and advise authorities. Also, if this product is subject to CERLA reporting, notify the National Response Center.

WATER SPILL:

Remove from surface by skimming or with suitable absorbents. If allowed by local authorities and environmental agencies, sinking and /or suitable dispersants may be used in non-confined waters. Consult an expert on disposal regulated material and ensures conformity to local disposal regulations.

In its intended manner of use, this product is not expected to create adverse ecological effects and is readily biodegradable in the natural environment

XIII. DISPOSAL CONSIDERATIONS

Waste Disposal

Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

XIV. TRANSPORT INFORMATION

MSDS Revision Date: October 16, 2013

SECTION 1: PRODUCT IDENTIFICATION

Product Name: Skin Authority Oil Nutrient for Face, Hair & Nails
General or Generic ID: Oil

SECTION 2: COMPOSITION/INFORMATION ON INGREDIENTS

Helianthus annuus (Sunflower) Oil	CAS Number: 8001-21-6
Carthamus tinctorius (Safflower) Oil	CAS Number: 8001-23-8
Vitis vinifera (Grapeseed) Oil	CAS Number: 8024-22-4
Persea gratissima (Avocado) Oil	CAS Number: 8024-32-6
Rosa rubiginosa (Rosehip) Seed Oil	CAS Number: 84603-93-0
Citrus aurantium var. amara (Petigrain) Oil	CAS Number: 8014-17-3
Elettaria cardamomum (Cardamon) Oil	CAS Number: 8000-66-6
Jasminum Officinale grandiflorum (Jasmine) Oil	CAS Number: 8022-96-6
Phenoxyethanol	CAS Number: 122-99-6
Ethylhexylglycerin	CAS Number: 70445-33-9
Other Contaminants:	None
DOT Hazard Classification	Non-combustible

SECTION 3: PHYSICAL DATA

Physical State: Light viscous liquid
Appearance: Pale yellow
Odor: Characteristic
Specific Gravity @25°C (H₂O=1): 0.960 +/- 0.020
pH: n/a
Percent Volatile by Volume (%): No data
Vapor Pressure (mm Hg): N/A
Flashpoint (Cleveland Open Cup): N/A
Solubility in Water @25°C: Insoluble in water

SECTION 4: FIRE AND EXPLOSION HAZARDS

Stability: N/A
Autoignition Temperature: N/A
Extinguishing Media: Water, dry chemical, foam, and CO₂
Fire Fighting Instructions: Firefighters should wear full protective clothing including positive pressure protective self-contained breathing apparatus. Spray extinguishing media may be used directly at the base of flame.
Unusual fire and explosion hazards: None

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY OIL NUTRIENT FOR FACE, HAIR & NAILS

SECTION 5: PHYSICAL HAZARDS/REACTIVITY DATA

Chemical Stability: Store in tightly closed containers away from humidity, heat, flame and direct sunlight.

Incompatibility/Materials to Avoid: None

Hazardous Decomposition: NDA

Hazardous Polymerization: Will not occur

SECTION 6: HEALTH HAZARD/TOXICITY

Eye contact: Short term effects: May cause irritation, stinging, tearing, and redness. Long term effects: NDA

Skin contact: Short term effects: No adverse effects known or suspected. Long term effects: NDA

Ingestion: Short term effects: May cause nausea, gastric upset requiring medical attention. Long term effects: NDA

Inhalation: Short term effects: May be irritating to the mucous membranes. Long term effects: NDA

SECTION 7: FIRST AID PROCEDURES

Inhalation: Move to well ventilated area and follow first aid procedures; if breathing is difficult, contact physician.

Eye contact: Flush eyes gently with water for at least 15 minutes. Seek immediate medical attention if irritation persists.

Skin irritation or rash: No adverse effects known or suspected.

Ingestion: Rinse mouth with water. Dilute internally with water or milk. DO NOT induce vomiting. Contact a physician or poison control center immediately.

SECTION 7: ACCIDENTAL RELEASE MEASURES (SPILL/LEAK INFORMATION)

Handling and Storage: Store in tightly closed containers away from heat and humidity; store out of direct sunlight

Other precautions: None

Occupational Spill: Collect spillage to smallest possible area with non-combustible absorbent materials, sand, dirt, etc. Remove to disposal containers.

Waste Disposal: Dispose in accordance with all local, state and federal regulations.

SECTION 8: SPECIAL PRECAUTIONS INFORMATION/CONTROL MEASURES

Respiratory Protection: Mask recommended in manufacturing processing

Ventilation: General mechanical

Eye Protection: Wear protective safety glasses

Other protective clothing: Clothing adequate to avoid skin contact

Work/Hygenic Practices: Follow Good Manufacturing Practices (GMP)

San Clemente, CA 92673
949.226.7289

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

- SKIN CONTACT** Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
- EYE CONTACT** Slightly irritating but does not injure eye tissue.
- INHALATION** No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
- INGESTION** No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

SAFETY DATA SHEET

Initiated: 11-14-2016

Caprylic/Capric Triglyceride (from Coconut Oil), Ethylhexyl Palmitate, Cetearyl Ethylhexanoate, Butyloctyl Salicylate, Helianthus Annuus (Sunflower) Seed Oil, Brassica Abyssinica (Abyssinian) Oil, Chenopodium Quinoa Seed Extract, Persea Gratissima (Avocado) Oil, Limnanthes Alba (Meadowfoam) Seed Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Tocopheryl Acetate (Vitamin E), Squalane (from Olives)

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
EYE CONTACT	Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
INHALATION:	Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
INGESTION:	If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

Flammability of the Product	Not available
Auto-Ignition Temperature	Not available
Flash Points	Not available
Flammable Limits	Not available
Products of Combustion	Not available
Fire Hazards in the Presence of Various Substances	Not available
Explosion Hazards Presence of Various Substances	In the presence of mechanical impact: Not available. In the presence of static discharge: Not available.
Fire Fighting Media and Instructions	Small Fire: Use DRY chemical powder. Large Fire: Use water spray, fog, or foam. Do not use water jet.

VI. ACCIDENTAL RELEASE MEASURES

Small Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal.
Large Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

SAFETY DATA SHEET

Initiated: 11-14-2016

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Clear, pale-yellow
Odor	Characteristic
Physical State	Liquid
Stability	Stable
Specific Gravity @ 25 degrees C	0.90 – 1.00
pH	NA
Solubility in Water	Insoluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.
Corrosivity	Not available.

XI. TOXICOLOGICAL INFORMATION

Routes of Entry	Skin contact. Eye contact.
Toxicity to Animals	Not available.

SAFETY DATA SHEET

Initiated: 11-14-2016

Chronic Effects on Humans	Not available.
Special remarks on other Toxic effects on humans	Acute potential health effects: Skin: May cause skin irritation. Eyes: May cause eye irritation. Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation. Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

XII. ECOLOGICAL INFORMATION

Ecotoxicity	Not available.
Biodegradation	Product is biodegradable.
Toxicity of Biodegradation	Not available.

LAND SPILL:

Eliminate sources of ignition. Prevent additional discharge of material, if possible to do so without hazard. For small spills implement cleanup procedures: for large spills implement cleanup procedures and, if in public area, keep public away and advise authorities. Also, if this product is subject to CERLA reporting, notify the National Response Center.

WATER SPILL:

Remove from surface by skimming or with suitable absorbents. If allowed by local authorities and environmental agencies, sinking and /or suitable dispersants may be used in non-confined waters. Consult an expert on disposal regulated material and ensures conformity to local disposal regulations.

In its intended manner of use, this product is not expected to create adverse ecological effects and is readily biodegradable in the natural environment

XIII. DISPOSAL CONSIDERATIONS

Waste Disposal	Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

SAFETY DATA SHEET

Initiated: 11-14-2016

I. PRODUCT AND COMPANY IDENTIFICATION

Product Name:	BEAUTY INFUSION TURMERIC & BLUEBERRY FOR BRIGHTENING
Generic ID:	Cosmetic Personal Care
Product Distributor:	SKIN AUTHORITY, LLC Carlsbad, CA 92010 www.skinauthority.com 760.268.0047
Product Description:	Clear, pale-yellow, oily liquid with a characteristic odor.
Manufacturer's Name:	PACKAGING ON DEMAND, INC. 1284 Puerta Del Sol San Clemente, CA 92673 949.226.7289

- In case of medical emergencies, please contact your local poison control center.
- Transportation emergency (24 hour), contact:
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (for calls originating elsewhere).

II. HAZARDS IDENTIFICATION

SKIN CONTACT	Single, prolonged exposure (hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.
EYE CONTACT	Slightly irritating but does not injure eye tissue.
INHALATION	No irritation to nose or throat expected. No injury is likely from relatively short exposure. Avoid mist or aerosol mists. Mists may irritate nose, throat, and lungs.
INGESTION	No known, adverse chronic or acute health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions, on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

III. COMPOSITION/INGREDIENT INFORMATION

The complete ingredient list for the finished product is as follows:

SAFETY DATA SHEET

Initiated: 11-14-2016

Caprylic/Capric Triglyceride (from Coconut Oil), Ethylhexyl Palmitate, Cetearyl Ethylhexanoate, Butyloctyl Salicylate, Brassica Abyssinica (Abyssinian) Oil, Curcuma Longa (Turmeric) Root Oil, Vaccinium Angustifolium (Blueberry) Fruit Extract, Limnanthes Alba (Meadowfoam) Seed Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Persea Gratissima (Avocado) Oil, Sea Whip Extract, Tetrahexyldecyl Ascorbate (Vitamin C), Tocopheryl Acetate (Vitamin E), Squalane (from Olives)

This product does not contain ingredients considered to be hazardous as defined by OSHA, 29 CFR 1910.1200, and/or WHMIS under the HPA.

IV. FIRST AID MEASURES

SKIN CONTACT	If irritation occurs, flush with large amounts of water, use soap if available. Remove grossly contaminated clothing, including shoes. Launder before reuse.
EYE CONTACT	Flush eyes with large amounts of water, for at least 15 minutes, until irritation subsides
INHALATION:	Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Call for prompt medical attention.
INGESTION:	If swallowed, DO NOT induce vomiting. Keep at rest, get prompt medical attention.

V. FIRE-FIGHTING MEASURES

Flammability of the Product	Not available
Auto-Ignition Temperature	Not available
Flash Points	Not available
Flammable Limits	Not available
Products of Combustion	Not available
Fire Hazards in the Presence of Various Substances	Not available
Explosion Hazards Presence of Various Substances	In the presence of mechanical impact: Not available. In the presence of static discharge: Not available.
Fire Fighting Media and Instructions	Small Fire: Use DRY chemical powder. Large Fire: Use water spray, fog, or foam. Do not use water jet.

VI. ACCIDENTAL RELEASE MEASURES

Small Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal.
Large Spill	Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow rinse to evacuate through the sanitary system.

SAFETY DATA SHEET

Initiated: 11-14-2016

VII. HANDLING AND STORAGE

Handling	Keep away from heat. Keep away from sources of ignition. Keep away from incompatibles such as strong oxidizing or strong reducing agents.
Storage	Keep containers tightly closed. Keep containers in a cool, well-ventilated area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Product Exposure Limit	Not available
Ventilation	A ventilation system of local and/or general exhaust is recommended to keep employee exposures as low as possible.
Respiratory Protection	Not expected to require personal respirator usage.
Skin Protection	Wear appropriate protective gloves and protective clothing to prevent skin exposure.
Eye Protection	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 20 CFR 1910.134. Maintain eye wash fountain and quick-drench facilities in work area.
Personal Hygiene	Clean PPE and work clothing that is contaminated with product prior to use.

IX. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Color	Clear, pale-yellow
Odor	Characteristic
Physical State	Liquid
Stability	Stable
Specific Gravity @ 25 degrees C	0.90 – 1.00
pH	NA
Solubility in Water	Insoluble

X. STABILITY AND REACTIVITY DATA

Stability	This product is stable under ordinary conditions of use and storage (area of ambient temperature and good ventilation). Hazardous polymerization will not occur.
Conditions to avoid	Excess heat, incompatible materials such as strong oxidizers or strong reducers.
Corrosivity	Not available.

XI. TOXICOLOGICAL INFORMATION

SAFETY DATA SHEET

Initiated: 11-14-2016

Routes of Entry	Skin contact. Eye contact.
Toxicity to Animals	Not available.
Chronic Effects on Humans	Not available.
Special remarks on other	
Toxic effects on humans	Acute potential health effects: Skin: May cause skin irritation. Eyes: May cause eye irritation. Inhalation: Inhalation of mist or vapor may cause respiratory tract irritation. Ingestion: Expected low hazard and toxicity. Ingestion of large amounts may cause gastrointestinal tract disturbances.

XII. ECOLOGICAL INFORMATION

Ecotoxicity	Not available.
Biodegradation	Product is biodegradable.
Toxicity of Biodegradation	Not available.

LAND SPILL:

Eliminate sources of ignition. Prevent additional discharge of material, if possible to do so without hazard. For small spills implement cleanup procedures: for large spills implement cleanup procedures and, if in public area, keep public away and advise authorities. Also, if this product is subject to CERLA reporting, notify the National Response Center.

WATER SPILL:

Remove from surface by skimming or with suitable absorbents. If allowed by local authorities and environmental agencies, sinking and /or suitable dispersants may be used in non-confined waters. Consult an expert on disposal regulated material and ensures conformity to local disposal regulations.

In its intended manner of use, this product is not expected to create adverse ecological effects and is readily biodegradable in the natural environment

XV. REGULATORY INFORMATION

California

SAFETY DATA SHEET

Initiated: 11-14-2016

Proposition 65 Warnings

Cause cancer: No products were found.
Cause birth defects: No products were found.

HMIS

Health Hazard	1
Fire Hazard	0
Reactivity	0
Personal Protection	0

NFPA

Health	1
Flammability	0
Reactivity	0
Specific Hazard	0

Other Regulations

This product is an individually packaged cosmetic product to be sold in a retail facility and is considered to be non-hazardous (29 CFR, Part 1910.1200).

XVI. OTHER INFORMATION

The information presented above, is believed to be accurate and represents the best information currently available to us. We make no warranty, expressed or implied, with respect to such information, and we assume no liability resulting from its use. In no way shall **PACKAGING ON DEMAND, Inc.** be liable for any claims, losses or damages of any third party or for lost profits or any special, indirect incidental, consequential, or exemplary damages even if **PACKAGING ON DEMAND, Inc.** has been advised of the possibility of such damages.

Telephone: 760-268-0047
Fax: 760-268-0905

For Emergency Call CHEMTREC: 1-800-262-8200
For Product Information Call Skin Authority, LLC: 1-760-268-0047
MSDS Revision Date: August 12, 2008

SECTION 1: PRODUCT IDENTIFICATION

Product Name: Skin Authority Glycosal Clarifying Treatment
General or Generic ID: Skin Cleanser/Peel
Formula: BF-179-028R

SECTION 2: HAZARDOUS INGREDIENTS

Principal Hazardous Component(s) (Chemical & Common Name): Glycolic Acid, Salicylic Acid
Hazardous Mixtures of Other Liquids, Solids, or Gases: N/A

SECTION 3: PHYSICAL DATA

Boiling Point (°C): No data
Evaporation Rate: No data
Vapor Pressure (mm Hg): N/A
Vapor Density: N/A
Melting Point (°C): N/A
Specific Gravity @25°C (H₂O=1): 1.0 +/- 0.02
Solubility in Water @25°C: Soluble
Percent Volatile by Volume (%): No data
Color: slightly milky
Odor: Alcohol/Witch Hazel
Appearance (State): Translucent Liquid
pH: 3.85 +/- 0.25
Viscosity: water thin

SECTION 4: FIRE AND EXPLOSION HAZARDS

Flash Point (°C) and Method: N/A
Flammable Limits: N/A
Extinguishing Media: N/A
Fire Fighting Instructions: N/A

SECTION 5: HEALTH HAZARD DATA

Eye contact: Irritant, causes stinging, tearing, and redness.
Skin irritation: May cause irritation.
Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.
Inhalation: N/A

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY GLYCOSAL CLARIFYING TREATMENT

SECTION 6: FIRST AID PROCEDURES

Eye contact: Flush eyes gently with water for at least 15 minutes. Seek immediate medical attention if irritation persists.

Skin irritation or rash: Wash affected area with cold water, rinse with the cold water for 3 minutes.

Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.

SECTION 7: REACTIVITY INFORMATION

Stability: Stable.

Conditions to avoid: None.

Materials to avoid: N/A

Hazardous Polymerization: N/A

SECTION 8: HANDLING AND STORAGE

Handling: Avoid contact with the eyes.

Storage: Avoid extreme temperatures. Keep container tightly closed.

SECTION 9: EXPOSURE CONTROLS / SPECIAL PROTECTION INFORMATION

Eye Protection: Yes.

Skin and Body Protection: N/A

Hand Protection: N/A

Respiratory System Protection: N/A

SECTION 10: SPILL OR LEAK PROCEDURES / ECOLOGICAL INFORMATION

Spill Control: Remove spilled material with absorbent material and place in appropriate closed container for disposal.

Keep spills and associated material out of municipal sewer, storm drains and open bodies of water.

Method of disposal: Follow local, state, and federal regulations.

SECTION 11: OTHER INFORMATION

This information is furnished without warranty, expressed or implied, except that it is accurate to our best knowledge.

Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances.

SECTION 1: PRODUCT IDENTIFICATION

Product Name: Skin Authority Rejuvenating Mask
General or Generic ID: Mask, Skincare
Formula: BF-180-018R

SECTION 2: HAZARDOUS INGREDIENTS

Principal Hazardous Component(s) (Chemical & Common Name): None
Hazardous Mixtures of Other Liquids, Solids, or Gases: N/A

SECTION 3: PHYSICAL DATA

Boiling Point (°C): No data
Evaporation Rate: No data
Vapor Pressure (mm Hg): N/A
Vapor Density: N/A
Melting Point (°C): N/A
Specific Gravity @25°C (H₂O=1): 1.06 +/- 0.05
Solubility in Water @25°C: Miscible
Percent Volatile by Volume (%): No data
Color: off white
Odor: natural
Appearance (State): thick mud
pH: 8.3 +/- 0.2
Viscosity @25°C, Spindle # 3/3rpm: 100,000 – 200,000 cps

SECTION 4: FIRE AND EXPLOSION HAZARDS

Flash Point (°C) and Method: N/A
Flammability: N/A
Extinguishing Media: N/A
Fire Fighting Instructions: N/A

SECTION 5: HEALTH HAZARD DATA

Eye contact: May cause irritation, stinging, tearing, and redness.
Skin irritation: May cause irritation, cracking, flaking, and defatting of skin on prolonged contact.
Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.
Inhalation: May cause irritation to the mucous membranes of the upper respiratory tract.

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY REJUVENATING MASK

SECTION 6: FIRST AID PROCEDURES

Eye contact: Flush eyes gently with water for at least 15 minutes. Seek immediate medical attention if irritation persists.

Skin irritation or rash: N/A

Ingestion: In case of accidental ingestion, induce vomiting and seek medical attention.

SECTION 7: REACTIVITY INFORMATION

Stability: Stable.

Conditions to avoid: N/A

Materials to avoid: None

Hazardous Polymerization: N/A

SECTION 8: HANDLING AND STORAGE

Handling: Avoid contact with the eyes.

Storage: Avoid extreme temperatures. Keep container tightly closed.

SECTION 9: EXPOSURE CONTROLS / SPECIAL PROTECTION INFORMATION

Eye Protection: N/A

Skin and Body Protection: N/A

Hand Protection: N/A

Respiratory System Protection: N/A

SECTION 10: SPILL OR LEAK PROCEDURES / ECOLOGICAL INFORMATION

Spill Control: Remove spilled material with absorbent material and place in appropriate closed container for disposal.

Keep spills and associated material out of municipal sewer, storm drains and open bodies of water.

Method of disposal: Follow local, state, and federal regulations.

MSDS Revision Date: January 8, 2010

SECTION 1: PRODUCT IDENTIFICATION

Product Name: Skin Authority Professional Fit & Firm Peel Off Mask
General or Generic ID: Skincare

SECTION 2: HAZARDOUS INGREDIENTS

Principal Hazardous Component(s) (Chemical & Common Name): None
Hazardous Mixtures of Other Liquids, Solids, or Gases: N/A

SECTION 3: PHYSICAL DATA

Color: Green
Odor: Characteristic
Appearance: Perfumed
pH= 8.0-9.5
Solubility in water: Soluble
Boiling Point: N/A
Vapor Density: N/A
Evaporating Rate: N/A
Total Plate Count <10 cfu/ml
Yeast and Mold <10 cfu/ml

SECTION 4: FIRE AND EXPLOSION HAZARDS

Flash Point (°C) and Method: N/A
Flammable Limits: Risk if dispersion of fine powder
Extinguishing Media: N/A
Fire Fighting Instructions: N/A

SECTION 5: HEALTH HAZARD DATA

Eye contact: May cause mild irritation, stinging, tearing, and redness.
Skin irritation: No harmful effects.
Inhalation: N/A

SECTION 6: FIRST AID PROCEDURES

Eye contact: Flush eyes gently with water for at least 15 minutes. Seek immediate medical attention if irritation persists.
Skin irritation or rash: Wash material off skin with copious amounts of soap and water.
Ingestion: No danger, eventually seek medical attention.

MATERIAL SAFETY DATA SHEET

SKIN AUTHORITY PROFESSIONAL FIT & FIRM PEEL OFF MASK

SECTION 7: REACTIVITY INFORMATION

Stability: Don't store above 30 C.
Conditions to avoid: Incompatible with strongly acidic or basic solution.
Materials to avoid: None
Hazardous Polymerization: N/A

SECTION 8: HANDLING AND STORAGE

Handling: Avoid contact with the eyes.
Storage: Avoid humidity and warmth. Keep container tightly closed.

SECTION 9: EXPOSURE CONTROLS / SPECIAL PROTECTION INFORMATION

Eye Protection: Precautionary glass recommended
Skin and Body Protection: Clothes recommended
Hand Protection: Gloves recommended
Respiratory System Protection: Mask recommended due to fine particles

SECTION 10: SPILL OR LEAK PROCEDURES / ECOLOGICAL INFORMATION

Spill Control: Remove spilled material with absorbent material and place in appropriate closed container for disposal. Keep spills and associated material out of municipal sewer, storm drains and open bodies of water.
Method of disposal: Follow local, state, and federal regulations.
