## DAVINES CUTTING COLLECTION

We are pleased to introduce Deanna Reed, Educator for the Davines North American Cutting Team. Our North American Team has gone through a comprehensive education journey facilitated by our partners at AllilON. The cutting experience will consist of an in-depth introduction to the foundation of the Davines cutting method. There will be a focus placed on haircutting techniques for stylists at all skill levels. This class will explore multiple shapes that support strong interior and perimeter shapes. A detailed demonstration utilizing a mannequin will connect the theory to the practical application.

Stylists will leave class with a confident understanding of Davines Cutting Techniques that translate on trend salon friendly looks for everyday salon client techniques

## MEET THE ARTIST:

**DEANNA REED**  
**DAVINES CUTTING TEAM**

Deanna owns Arabella Salon in Portland, OR and remains deeply committed to ongoing education, both for herself and the next generation of stylists. She

continues to attend classes up and down the West Coast, as well as further afield in London, Paris, and at Davines World Wide Hair Tours. Adding to the feathers in her cap, she has embarked on becoming an educator for Davines. Finding a deeper connection to her hair community. Her passion is rooted in being open to emerging techniques and by practicing the time honored skills of her craft.
